| <p>Description: An airbag control unit that does not meet the required specifications was installed on the affected vehicles when the airbag control unit is exposed to electromagnetic interference, it can incorrectly send an accident message to the Porsche Vehicle Tracking System (PVTs) control unit. The PVTs control unit then automatically sends an emergency call with location and vehicle data. An emergency plan is activated and the emergency service is informed.</p> <p>Remedy: the airbag control unit must be replaced by a modified airbag control unit.</p> | | | |

Glossary

First Owner

When the first owner(s) obtains a title from a Department of Motor Vehicles as proof of ownership.

Ownership History

CARFAX defines an owner as an individual or business that possesses and uses a vehicle. Not all title transactions represent changes in ownership. To provide estimated number of owners, CARFAX proprietary technology analyzes all the events in a vehicle history. Estimated ownership is available for vehicles manufactured after 1991 and titled solely in the US including Puerto Rico. Dealers

sometimes opt to take ownership of a vehicle and are required to in the following states: Maine, Massachusetts, New Jersey, Ohio, Oklahoma, Pennsylvania and South Dakota. Please consider this as you review a vehicle's estimated ownership history.

Title Issued

A state issues a title to provide a vehicle owner with proof of ownership. Each title has a unique number. Each title or registration record on a CARFAX report does not necessarily indicate a change in ownership. In Canada, a registration and bill of sale are used as proof of ownership.
